CHILD AND YOUTH RISK MANAGEMENT STRATEGY 2016

The St John's Anglican College ABCC *Child and Youth Risk Management Strategy* has been developed in compliance with the requirements of the ***Working with Children (Risk Management and Screening) Act 2000 (the Act)*** and the ***Working with Children (Risk Management and Screening) Regulation 2011***.

The ***Working with Children (Risk Management and Screening) Act 2000 (the Act)*** and the ***Working with Children (Risk Management and Screening) Regulation 2011*** requires organisations regulated by the blue card system to develop, implement and review annually a Child and Youth Risk Management strategy.

The purpose of a Child and Youth Risk Management strategy is to help to identify potential risks of harm to children and young people and to implement strategies to minimise these risks.

A well-developed strategy will help St John's Anglican College ABCC achieve its objectives by providing a clear and consistent framework to guide and support children and young people, parents, employees, volunteers and visitors to the school.

In order to comply with the legislative framework, a Child and Youth Risk Management Strategy must address eight (8) minimum requirements that;

- Address an organisation's **commitment** to creating a safe and supportive service environment
- Strengthen an organisation's **capability** to provide such an environment
- Assist an organisation to manage any particular **concerns** with respect to the safety and wellbeing of children and young people who are involved with the organisation, and
- Promote the **consistency** of an organisation's approach to risk management, both within the organisation and with respect to compliance with the requirements under the Act.

These eight requirements are:

COMMITMENT

1. A statement of commitment to the safety and wellbeing of children and the protection of children from harm; and
2. A code of conduct for interacting with children.

CAPABILITY

3. Written procedures for recruiting, selecting, training and managing staff and volunteers.

CONCERNS

4. Policies and procedures for handling disclosures or suspicions of harm, including reporting guidelines.
5. A plan for managing breaches or your risk management strategy, and
6. Risk management plans for high risk activities and special events.

The new strategy is to be approved in accordance with St John's Anglican College Governance requirements for implementation at the beginning of the subsequent school year. The review process must be documented which together with the strategy document will be archived for future reference.

Notwithstanding the scheduled review, should circumstances change significantly before the 12-month review period, the strategy will be immediately reviewed in order to maintain appropriate accuracy, relevance and authority.
