

SUPPORTING OUR COLLEGE FAMILIES

We acknowledge that we are experiencing unprecedented events and that the Federal Government's management of the Novel Coronavirus COVID 19 pandemic brings various challenges for our families and College community. As the Government's management strategies continue to be implemented, St John's is committed to working with our families who are experiencing financial difficulties in these uncertain times. This form is a practical step that you can take to manage your finances and explore ways that the College may be able to assist.

As always, the health and wellbeing of our students are of utmost importance as we endeavour to provide a safe and positive outcome for families and students within this changing environment.
